Bathtub Party Day

When was the last time you took an actual bath in an actual bathtub? If the answer is "I don't know" or "I can't remember," then it has been far too long! Luckily for you, today is Bathtub Party Day, so there's no better time to take a bath! Few things are as relaxing as taking a long, hot soak in a tub during the winter. On Bathtub Party Day, this is your chance to draw a bath, throw in some soap bubbles, grab a drink of your choice, and just enjoy a little peace from it all. Oh, and don't forget the rubber ducky! After all, it's not a bathtub party without one!

"There must be quite a few things that a hot bath won't cure, but I don't know many of them."
- Sylvia Plath

Today in History

In 2006, baseball player Greg Maddux signed a one-year deal with the San Diego Padres, worth $10 million. He was the 1st pitcher in MLB history to win the Cy Young Award for 4 consecutive years, and the only pitcher in MLB history to win at least 15 games for 17 straight seasons.

DID YOU KNOW?

Ultra-White Radiative Cooling Paint

Scientists have engineered an ultra-white coating that acts like zero-electricity air conditioning. Packed with barium sulfate nanoparticles, the paint reflects over 98% of sunlight and radiates residual heat straight through the atmosphere into deep space. This allows coated surfaces to stay up to 8°F (4.5°C) cooler than the midday air, significantly dropping indoor temperatures without drawing any power.
