

# HANUKKAH TISSUE PAPER SUN CATCHERS

CREATE YOUR OWN TISSUE PAPER SUN CATCHERS AND CATCH THE SUNLIGHT IN THE WINDOW THROUGHOUT HANUKKAH!

## YOU WILL NEED:

Paint Brush  
Craft Sticks  
Mini Craft sticks  
Blue Tissue Papers  
Glue  
Metallic Paint  
Aluminum Foil  
Scissors  
Water Cup for mixing

### Step 1.

Make shape. Star of David or dreidel are both easy to do. Glue the sticks in place. To make a Star of David shape, glue (3) Craft Sticks together to form a triangle shape. Repeat to make a second triangle. Glue the triangles on top of one another as shown.

### Step 2.

Use silver Metallic Paint and cover the wood stick shape and set aside to dry. Tip: You may want to paint several coats to cover.

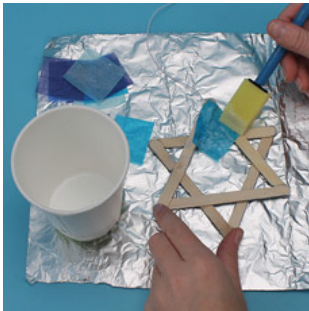

### Step 3.

Cut a 7 inch piece of Elastic Cord and tie one end onto the wood stick shape. You will use this cord to hang your sun catcher once complete.

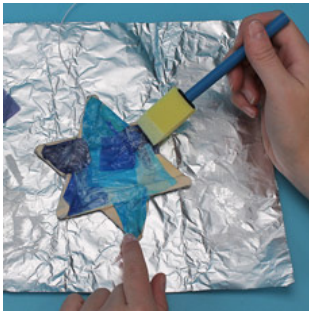

#### Step 4.

Prepare your materials: cut a piece of aluminum foil and lay the shiny side face down as your work surface. In a paper cup, mix an equal amount of craft glue with water to make a glue solution. Lay your painted craft stick shape face down on the foil. Cut small pieces of blue and silver tissue paper. Using a foam brush, apply the glue solution to a piece of tissue paper.

#### Step 5.

Place the tissue paper on the craft stick shape. Use the glue solution to secure to shape. Tip: If the tissue paper rips, don't panic! You can always add more layers of tissue paper on top of cover any rips.

#### Step 6.

Continue to add pieces of tissue paper until the shape is covered. Set aside to dry.

#### DREIDEL SHAPE SUNCATCHER:

To make a Dreidel shaped sun catcher, Glue (3) Craft Sticks and (3) Mini Craft Sticks to form the dreidel shape shown. Then Follow Steps 2-6!
