

CHINESE DRAGON MASK CRAFT

These printable Chinese dragon masks are a fun way to explore the role that dragons play in the celebration of the Chinese New Year.

MATERIALS

- Your Dragon Mask Coloring Page
- Light cardstock for the printer
- Pens
- Scissors
- either glue & craft sticks OR elastic band/ribbon for wearing

HOW TO CREATE

1. Begin by printing out your template onto light cardstock - if you don't have any, you can print it onto paper and stick it onto cereal box cardboard.
2. Color in your dragon mask! Use as many wonderful colors as you wish.
3. Cut out along the dotted lines, or as close as you can to the image. We have provided a hole for your hole punch if you choose to use elastic or ribbon.
4. Finally - either stick it onto a large craft stick (I find recycled chopsticks are great too) or use some elastic and make it into a wearable dragon mask for kids
