

RESIDENT DAILY DELIGHT

Movie Theater Day

Bryan Braunlich, the executive director for The Cinema Foundation, said National Cinema Day is a way of celebrating movie-going by getting people into the theater. "There's nothing like the big screen," he said.

National Cinema Day was made possible by The Cinema Foundation, a nationwide nonprofit that was created by the National

Association of Theater Owners.

While the association primarily influences policymakers and helps movie distributors with new technology, legislation, marketing and First Amendment issues. The Cinema Foundation is dedicated to promoting cinema, developing diverse work forces and growing movie going communities.

Jackie Brenneman, president of The Cinema Foundation, said the organization served as a facilitator to put National Cinema Day together and to advertise the event.

"We got to have the conversations with all the various studios to see if they were interested in participating in the day, and we got to have conversations with all of the exhibitors and movie theater owners to see if they wanted to participate in the day," Brenneman said.

ON THIS DAY...

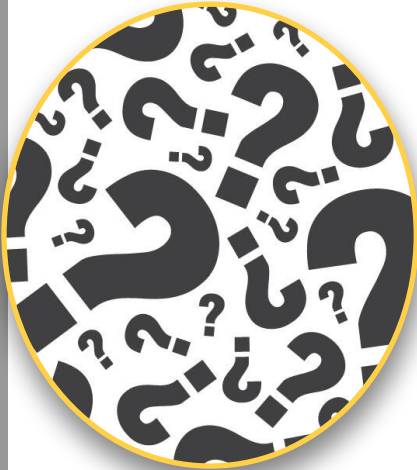

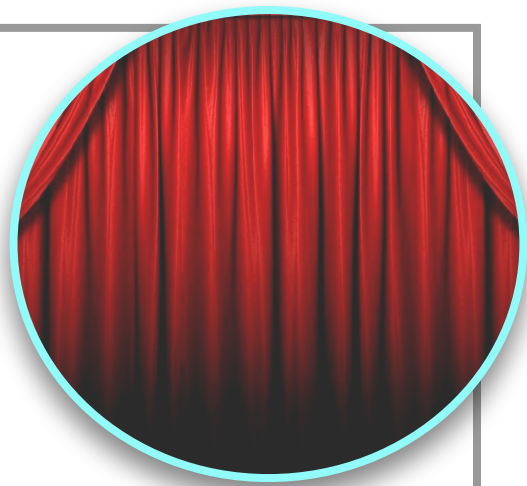

April 23, 1985

The Coca-Cola Company announced it has changed its formula for Coke and will be known as New Coke.

DID YOU KNOW???

Oohh, That Smell....

Movie popcorn rose to popularity during WWII. At that time, sugar rations meant that candy wasn't readily available, so movie theaters offered popcorn instead. From then on, it's become the go-to snack.

Today's Trivia

How many movie theaters are in the U.S.?

A.4,381

C. 2,208

B.3,714

D.2,447

Today's Wisdom:

In my view, the only way to see a film remains the way the filmmaker intended: inside a large movie theater with great sound and pristine picture.

- Ridley Scott

Today's Riddle:

Last night a movie theater was robbed of over \$1000 ...

WORD JUMBLE

Every answer uses only the letters in the word:
How many can YOU make?

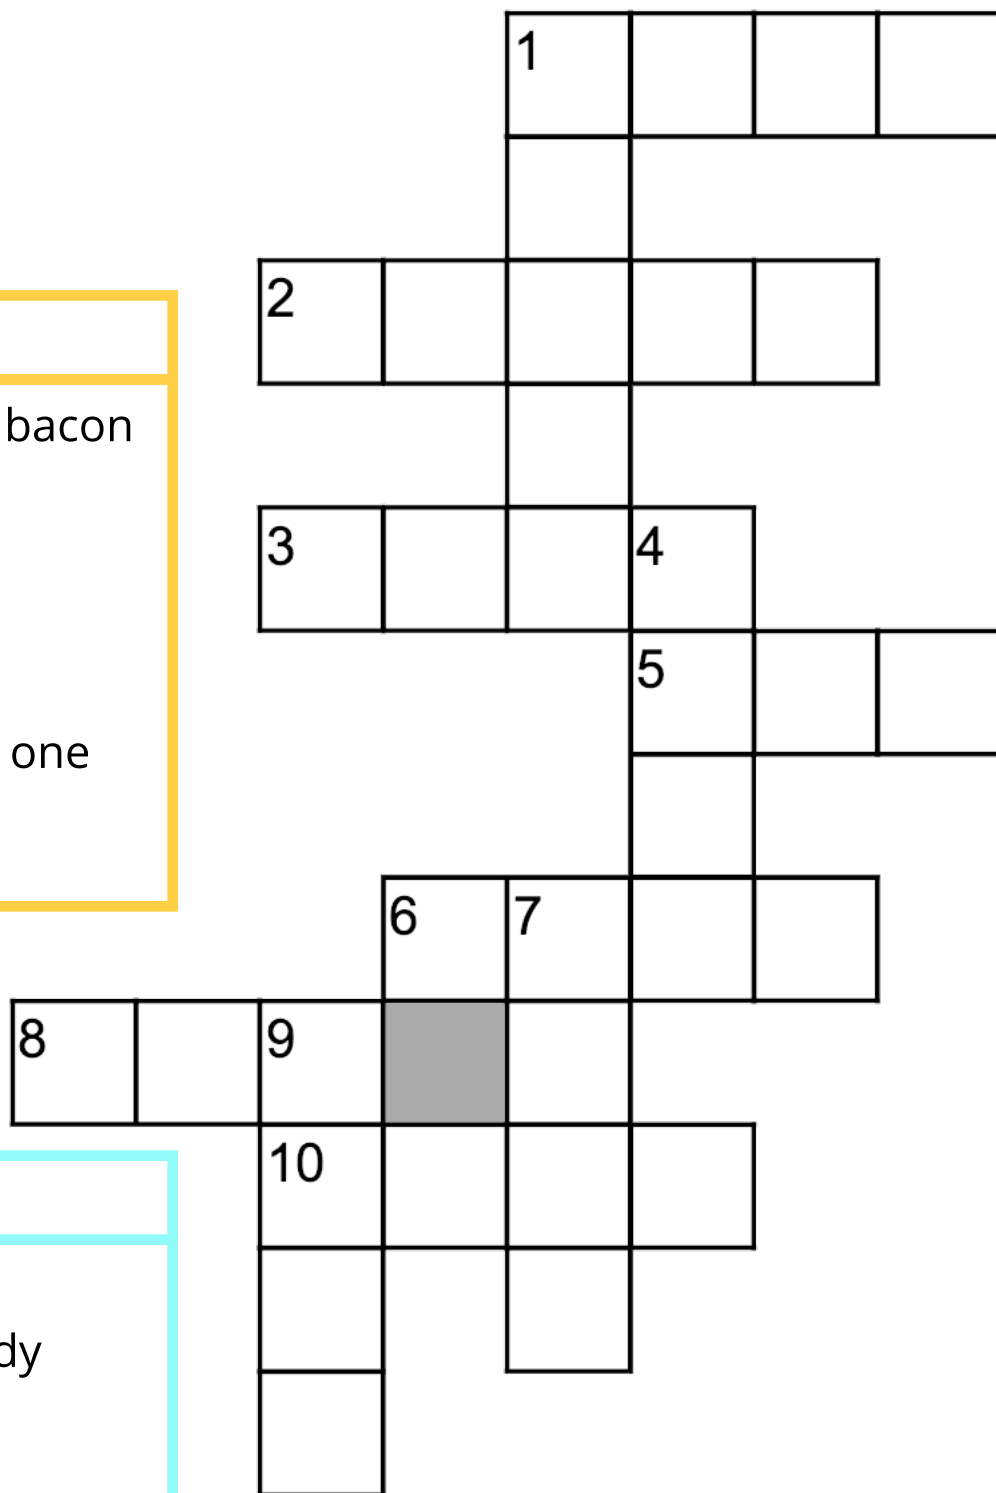

Relaxation

Across

1. Bring home the bacon
2. Song prelude
3. Type of debt
5. Feed off of
6. Mi, for one
8. Nicodemus was one
10. Absolute

Down

1. Additional
4. Simple and tidy
7. Like most medications
9. The Little Pigs, e.g.

Sudoku

HOW TO PLAY SUDOKU

OBJECTIVE: Fill a 9x9 grid so that each column, each row, and each of the nine 3x3 boxes (also called blocks or regions) contains the digits from 1 to 9.

A cell is the smallest block in the game. Rows, columns, and regions each consist of 9 cells, and the whole game consists of 81 cells. A region has thicker lines surrounding it.

The most basic strategy to find missing numbers is scanning and it consists of:

1) Crosshatching - Scan rows and columns to eliminate where a specific number can be in a given region.

2) Counting - Simply count all the different numbers in a row, column, and region that connect to one cell. If there is just one number missing, then that's what should be in the cell.

7		8	2				3	1
4			9			5	2	
5		9	6		1			
		3		2	9			
				8		1		2
9	1					7		
	8			5	3			
1	4				2			
				1	6	2	5	8

	9			6				
	1			8	5			
		5		1		2		
4					7	5		8
6		3			2	4		
	7	1		9	4			
			9			7	3	4
			5				8	
		4	3				9	

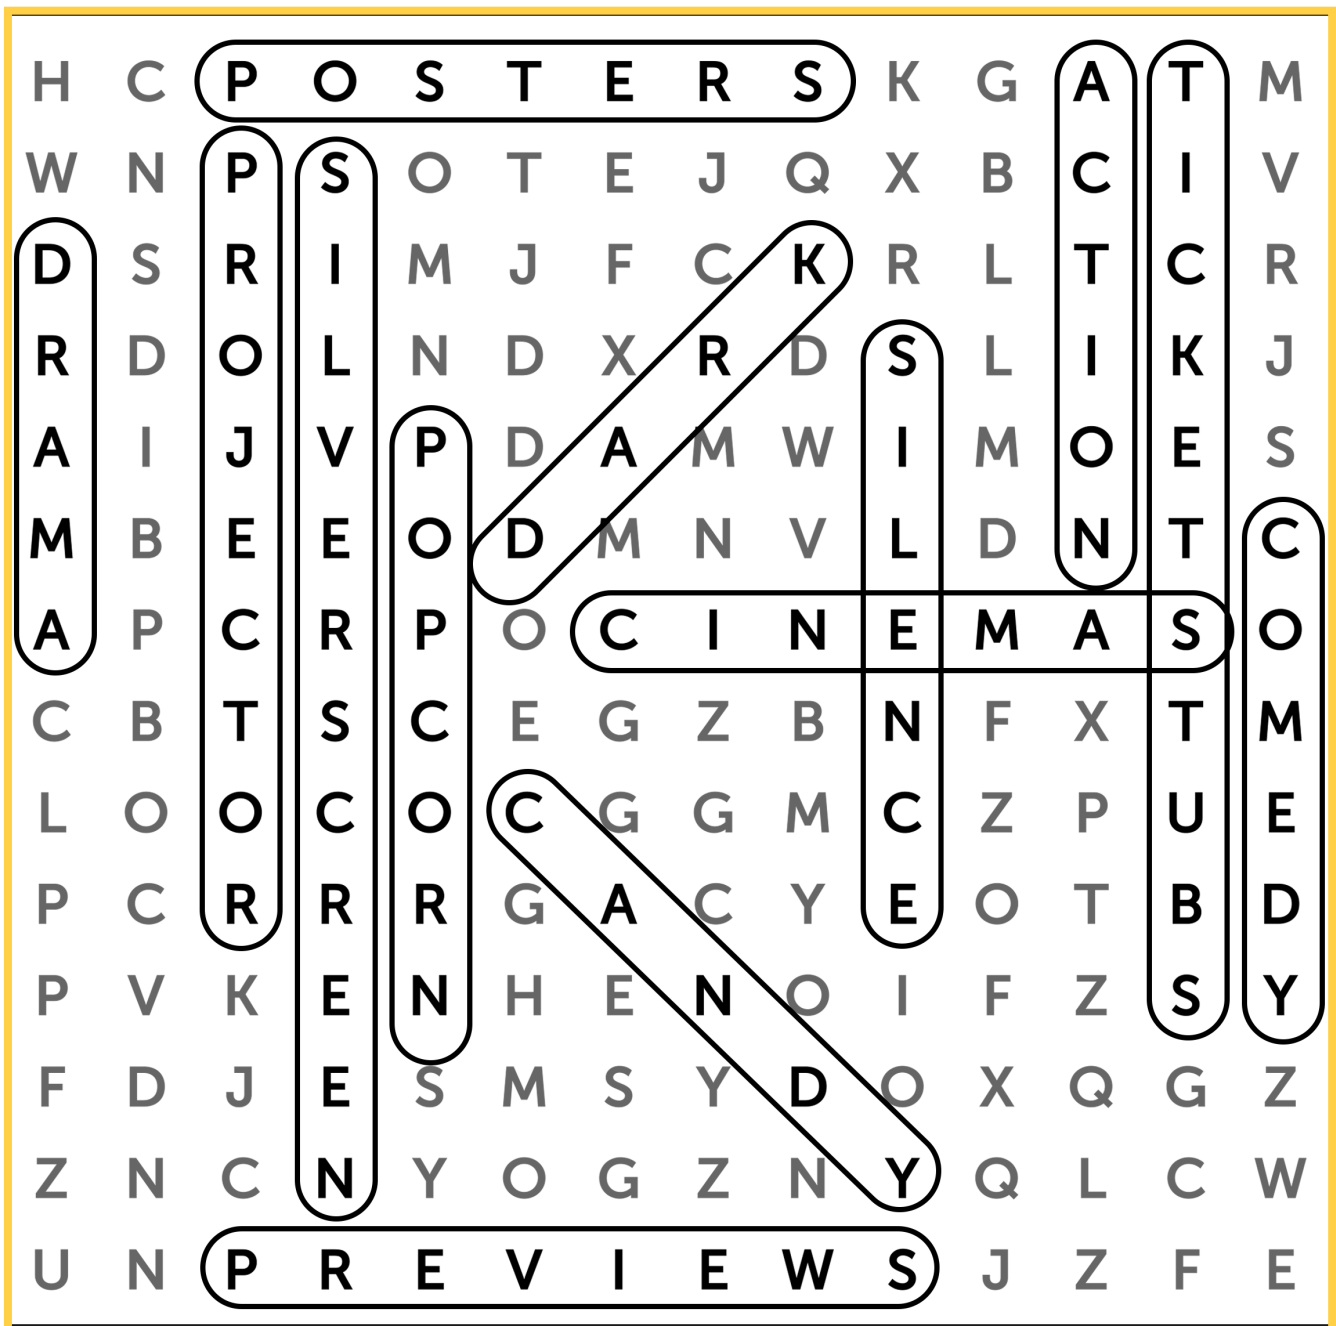

HINTS:

Until you've had lots of practice figuring out puzzles, here are some questions that you can ask as you play to help you to make progress:

- Where could I place the value X in this row/column/box? (Go through the numbers 1 to 9, and scan to see if the number is already in that row / column / box)
- What value could I put in this cell? (If there's just one acceptable – put it in!)
- What row / column / box is nearly full, and can I fill it?
