Alice in Wonderland Day

Lots of people have seen the many movie adaptations of Lewis Carroll's Alice in Wonderland, or maybe read the book and its sequels. But what you may not know is that Alice is based on a real little girl. While out on rowing trips down the River Thames, the real-life Alice and her two sisters, Lorena and Edith, loved to hear Carroll tell the stories about Alice's adventures so much that he wrote them down to give them to the real Alice as a Christmas present in 1864.

The very next year, Carroll self-published the book and added Lorena and Edith to the story as the characters of Lory and Eaglet. After that, the world, as they say in Wonderland, fell down the rabbit hole.

Today in History

In 1881, educator pioneer, author, and orator Booker T. Washington established Tuskegee Institute in Alabama. He was the first principal of the institute and had that role for over three decades.

Washington was a leader in the African community and fought racial discrimination.

DID YOU KNOW? E is Everywhere!

This paragraph is abnormal. It has a linguistic quirk within it. Can you find it? Can you say what it is without spoiling it?

The answer is as plain as the nose on your face. The above paragraph was missing the most common letter in the English language: The letter E. The letter E appears in approximately 11% of all words in the common English vocabulary, about 6,000 more words than the runner-up letter, A.
