## United Nations Day

In existence since 1945, United Nations Day is a way to recognize the United Nations organization and all who serve and participate in this world organization. The United Nations is dedicated to achieving world peace and bettering humanity in everything from world hunger to environmental and health issues. Although it is headquartered in New York City, it is situated on land that was purchased by John D. Rockefeller and is defined as an international territory.

As a rule of the UN, only Arabic, Chinese, English, French, Russian, and Spanish languages can be spoken by the delegates. We invite you to celebrate this special day with the 193 member states that make up the United Nations.

## DID YOU KNOW? Worcestershire Sauce

It may be tough to say, but the savory condiment was created in Worcester, England in 1835, when a former governor of India, Lord Sandys was looking for sauces that reminded him of his favorite Asian flavors. John Lea and William Perrins came up with a fish and vegetable mixture that they stored in the cellar of their store and forgot about. Rediscovered two years later the sauce had fermented. The flavor became popular as a condiment. It was the first sauce exported to America in 1839.
