International Tolerance Day

International Tolerance Day is an annual event that was created by the United Nations in 1993 and sponsored and promoted by UNESCO to strengthen tolerance by fostering mutual understanding among cultures and peoples, especially in times of war, terrorism, and disregard for human life.

According to UN Secretary-General Ban Ki-moon, “The United Nations promotes tolerance as a matter of its fundamental identity. When tolerance is upheld, we encourage the world to emulate those fine examples. When tolerance is threatened, we must speak out.” Although countries around the world celebrate this day by holding conferences, fairs, and other events to teach the meaning and importance of tolerance, you can celebrate it as an individual today and every day by practicing tolerance, respect, and dignity towards everyone in your life, as well as those you meet.

DID YOU KNOW? Let Them Eat Cake?

Marie Antoinette's famous quote "Let them eat cake" is a myth. Historians believe she never actually said it. The story may have originated before her reign and was later connected to her as propaganda against the French monarchy. Despite being known for her excessive spending, some historians argue that her philanthropic actions have been overshadowed by the smear on her reputation.
