

Fork Painted Fish

This cute simple craft can be used in a couple of different ways.

Get each resident to do one in different colors for a great unique bulletin board, you will have or simply let them glue it to blue paper and they'll have a summer picture for their room. Use different types of fish templates too. Don't forget to add seaweed and bubbles to the picture for the complete effect.

Materials:

- Plastic fork
- At least two colors of washable paint
- (put these in salad dressing containers for easy use)
- Cardstock or paper

Reusable supplies:

- Scissors
 - Fish template (optional)
- (<http://coloringpage.eu/printable-fish-pattern-template/>)

Instructions:

1. Dip back the fork into paint and drag along paper. Do this several times mixing paint colors.
2. Allow paper to dry
3. Trace the template onto the painted page and cut out.
4. Complete picture with seaweed and bubbles (if desired)
