National Learn about Butterflies Day

Butterflies are some of the most beautiful and gentle creatures on earth, so why not spend today learning more about them? While having Learn About Butterflies Day in March seems a little silly considering the cold weather this time of year is not conducive to butterflies, it actually makes a lot of sense as it allows you to read up on them before they bless us with their presence. Although they start out as dull-looking caterpillars, butterflies blossom into bright, beautiful winged creatures, serving as the ultimate living proof that beauty takes time and you shouldn't judge a book by its cover. Celebrate the butterfly today by learning something about it you don't know!

Today in History

In 1946, "Gilda" premiered in New York City. The film starred Rita Hayworth, who began her career as a dancer in her parents' studio. The granddaughter of a Spanish dancer, she made her stage debut at the age of 3 and became one of the most popular actresses in Hollywood.

DID YOU KNOW?

What do Your Actions Say?

The phrase “actions speak louder than words” emphasizes that what we do is more impactful than what we say. It underscores the importance of actively living out our beliefs instead of merely discussing them, motivating individuals to take meaningful action for real results. This saying dates back to a sermon in 1200 by St. Anthony of Padua and has since been echoed by notable figures like Benjamin Franklin, Dale Carnegie, and Mark Twain in various forms.

How To Play:

Each 9x9 box is comprised of 9 smaller 3x3 boxes. Each of these smaller boxes must be filled in with numbers from 1-9. Each row and column of the larger 9x9 box should not have any numbers repeated.

1						4		
		2	1			7		
		9	7	2			1	
	8							3
	2			5			7	1
	3		2	1	9			5
			8		5	9	6	7
	7	5	9	3	2			
4						3	5	

	6					2	3	4
2			4	8			7	
5	4	7	3					6
7		4			3		9	
			7		2		6	
		3					4	1
8	5			3	7			
				1	4	8		
4	7	2	9			6		

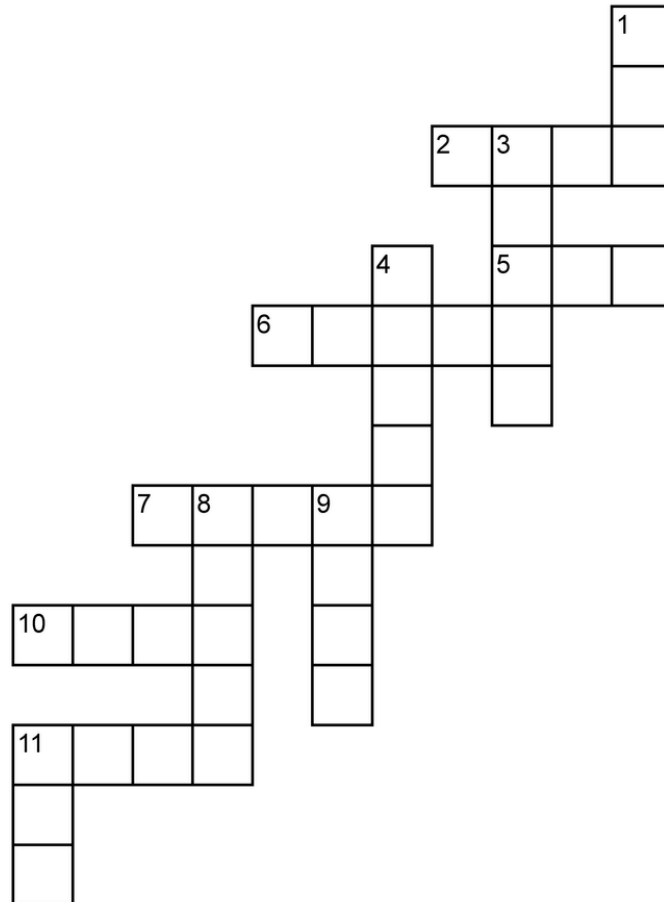

Helpful Tip:

If you get stuck, try asking yourself "Where can I place number X in this row or column?" Scan to see if the number is already in that row, column, or box.
