

ART DAY

Art is a creative human expression. It portrays the beauty of life or a bitter reality. It records history, revolutions, rebellions, and sometimes is a means to escape them. In short, there is no history or culture without art. Art encompasses painting, sculpture, photography, architecture, music, and more.

Sculpture is the branch of the visual arts that operates in three dimensions. It is one of the plastic arts.

Photography is a visual art form that can make us experience emotions that move us and compel us to do things that we otherwise would not even think of.

Painting is a visual art, bringing in elements such as drawing, composition, gesture, narration and abstraction.
