

# GAME DAY POM POMS

## MATERIALS:

1. Scissors
2. Crepe paper (one color or two different colors – up to you)
3. Heavy duty tape (masking, duct, electrical)
4. String
5. Cookie sheet

## INSTRUCTIONS:

### Cutting streamers

1. You'll start by cutting down the middle of a LOOOONG length of crepe paper from each color (about 20 feet of each color).

### Pile of streamers

2. You'll end up with a giant pile of narrow streamers.

### Cookie sheet

3. Next, you'll wrap each of your streamers around a cookie sheet the long way. They can be messy, overlapping, and twisted. Doesn't matter!

### Looped streamers

4. You'll come out with a bunch of streamers that are in long loops.

### Tied streamers

5. Next, you'll take a piece of string and tie the pile right in the center. Cut the end of each loop so your pom pom gets big and bushy on either side of the string.

6. Pull all of the streamers to one side and trim off any crazy, long pieces.

7. Now you'll make the handle. Make a loop with the tape (sticky side out).

8. Wrap the sticky side of your loop with another piece of tape so all of the stickiness is covered up.

9. Tie the handle onto the pompom with the excess string.
