National Scavenger Hunt Day

Did you enjoy scavenger hunts as a kid? Did you know all of the best places to look? Well, get ready to share those skills on some new adventures on National Scavenger Hunt Day on May 24th! This event dates back to the late 1980s and was created as an interactive game that encourages people to explore their surrounding environment. People of all ages can participate in finding hidden treasures, uncovering clues, competing against others, or just having a good time with friends.

For a different twist, take pictures and go on a photo scavenger hunt. Post pictures in various locations, create a list of the items in those pictures, and then have your “hunters find the pictures! Fun prizes, treats, and recognition for those who find the most or find them the quickest!

Today in History

In 1993, astronaut and physician Mae Jemison was a guest star on a Star Trek episode, the 1st real-life astronaut to appear on the show. She was the 1st African American woman in space in 1993 as a Mission Specialist on the Endeavour. Jemison also wrote several books for children.

DID YOU KNOW?

Bionic Nose

Researchers at Virginia Commonwealth University are creating a neuroprosthetic device to help individuals with anosmia regain their sense of smell. The device converts odors into radio waves, transmitting signals directly to the brain, much like cochlear implants. Users wear a sensor that sends aromas, potentially allowing them to smell again if the device is successfully developed.

How To Play:

Each 9x9 box is comprised of 9 smaller 3x3 boxes. Each of these smaller boxes must be filled in with numbers from 1-9. Each row and column of the larger 9x9 box should not have any numbers repeated.

	4	1						7
5			3	2			9	
	3		9	1		6	8	
2		6		9	3	1		
	9	4			8			2
8					1	7	6	
	8				2		1	6
		7		6		8		4
	1	9	4					

	8		4				7	1
9		1						
		5	6					
	9	8						4
	5		7	4			2	
				2		6		5
1	2				3		8	
5					9	1		
				7	4	9		

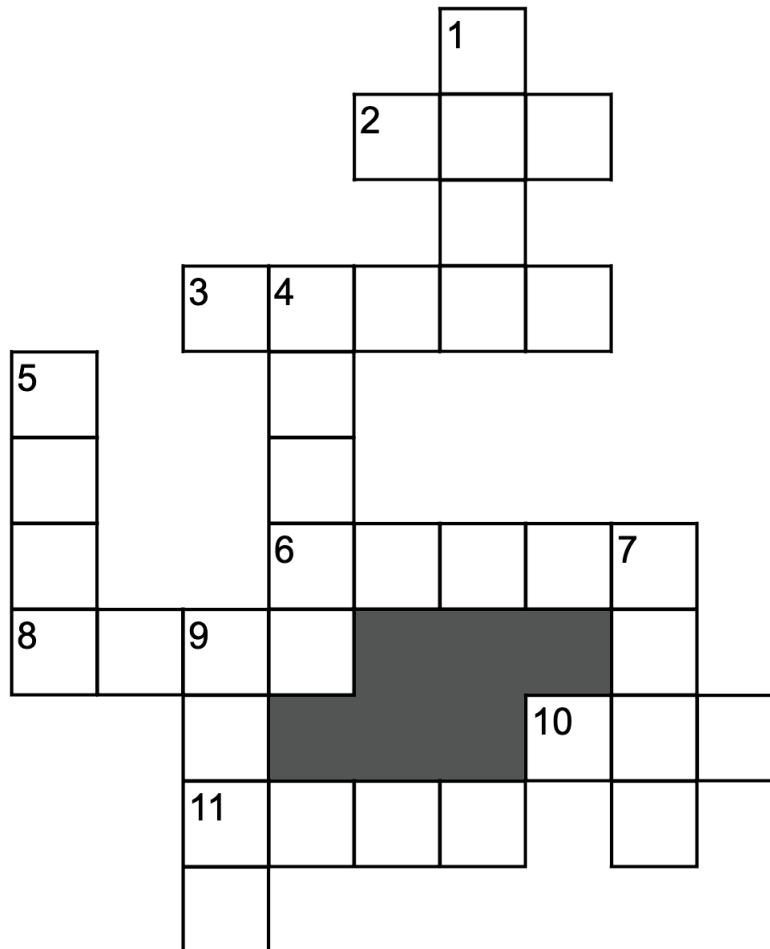

Helpful Tip:

If you get stuck, try asking yourself "Where can I place number X in this row or column?" Scan to see if the number is already in that row, column, or box.
