National Smile Day

Share some cheer and brighten someone's day during National Smile Day on May 31st! The idea behind this day is to spread happiness and positivity by encouraging everyone to smile, no matter what their circumstances may be. On this day, it doesn't matter if you're rich or poor, young or old; all that matters is that you put a smile on someone else's face. So, let's make sure we take some time out of our busy lives and show some random acts of kindness and smiles to all those around us! When you smile, your happiness can be contagious and spread to the people around you. A simple smile at someone on the street or in a crowded room can lighten the mood and improve their day! Smiles are also great for bringing people together and fostering more positive energy in your community.

DID YOU KNOW? Potsdam Giants

The Potsdam Giants, an 18th-century Prussian military unit, consisted solely of exceptionally tall men, recruited under King Frederick William I, who stood at just 5 feet, 3 inches.

Overcompensating for his stature, he became obsessed with collecting towering soldiers, often buying or commandeering them, even scouting large babies. Frederick showcased his troops to foreign dignitaries, treating them like curiosities, and famously commanded parades accompanied by a live bear, further emphasizing his unique obsession.
