National Waitstaff Day

Do you have a favorite restaurant? Do you remember a restaurant that was always your “go-to”? Chances are, what made that place so special was the way you were welcomed and treated. A server who always knew your favorite beverage, or what you always had for lunch.

Celebrate National Waitstaff Day on May 21st and show your appreciation for all the hardworking waiters and waitresses out there! This special day was created back in 1998 to recognize the important role that servers play in restaurants around the world. The waitstaff is the face of a business and provides great service to customers in restaurants and other hospitality settings. They are often the key point of contact for guests, making their experience run as smoothly as possible. A good wait staff can make all the difference between a positive dining experience and an unpleasant one!

DID YOU KNOW?

Istanbul's First Subway

Istanbul's Tünel, completed in 1875, is the world's second-oldest subway system, part of a broader public transport network that included ferries and trams.

Proposed by French engineer Eugène-Henri Gavand, it features a 1,820-foot tunnel with two tracks. Initially, two wooden trains operated simultaneously, powered by a stationary steam engine. This engine was replaced by electricity in 1971, and the Tünel continues to serve the city today.
