Be an Angel Day

Put on your halo and wings. Then, display angelic behavior. Today is Be an Angel Day. This August 22 holiday encourages us to do acts of kindness and to help others. Jayne Howard Feldman, the creator of this day, says she was inspired by angels to create this day on August 22. The objective of this day is to be like an angel and do something good or kind for someone. It encourages us to be good servants by doing good things for others.

It is intended to do something nice or kind for someone who needs help. The type of angelic help you can offer is not defined or limited. It can be physical, emotional, or spiritual. Be an Angel Day is for both the giver and the receiver.

DID YOU KNOW? The Changes of Mr. Potato Head

Mr. Potato Head, created by George Lerner in 1949, originally featured plastic facial parts for cereal boxes and later became a Hasbro toy in 1951. With \$4 million in sales shortly after its launch, it expanded to include Mrs. Potato Head and other products. Over the years, it adapted to cultural changes, discontinuing its use of pipes in 1987 as part of anti-smoking efforts and rebranding as "Potato Head" in 2021 for gender neutrality.
