Iconic American Restaurants Day

Today is Iconic American Restaurants Day. This August 24 holiday celebrates the many great restaurants in this country and the outstanding staff that works hard to make your dining experience pleasurable. Whether it's the recognizable logo or look of a national chain, the timeless allure of a diner, or a regular meal at a favorite local mom-and-pop eatery, everyone undoubtedly has a favorite restaurant or memory of one and may know what they want before they walk in. Without a doubt, the list of great American restaurants is endless. Grab the family or a few friends, and head off to your favorite restaurants for breakfast, lunch, and dinner. While you're there enjoying a fabulous meal, make sure to show your appreciation to the waiter, busboy, chef, and manager. After all, it's their day, too.

Today in History

In 2021, Beyoncé became the 1st black woman and 3rd person to wear the Tiffany Diamond in an advertising campaign. With a career spanning over 3 decades, she has won 35 Grammys, the most of any person in history, and holds the record for the most Grammy nominations, with 99.

DID YOU KNOW? Sexy Stewart!

In 1961, Glamour magazine named Martha Stewart one of the “Ten Best-Dressed College Girls,” earning her national exposure at age 20. However, she married Yale Law student Andy Stewart later that year and quit modeling, at least from a financial perspective. She graduated from Barnard in 1963 with a degree in architectural history and began working as a stockbroker on Wall Street, but her sense of fashion in client meetings helped make her a rising star in the financial world.

How To Play:

Each 9x9 box is comprised of 9 smaller 3x3 boxes. Each of these smaller boxes must be filled in with numbers from 1-9. Each row and column of the larger 9x9 box should not have any numbers repeated.

	3	6	2		4		7	
			6	7		3	9	1
		8	1	5	3	2		
	9					8	5	7
	1				9	4		
8		2		3				
			5	8		7		2
			3		6			5
4	8					1	3	

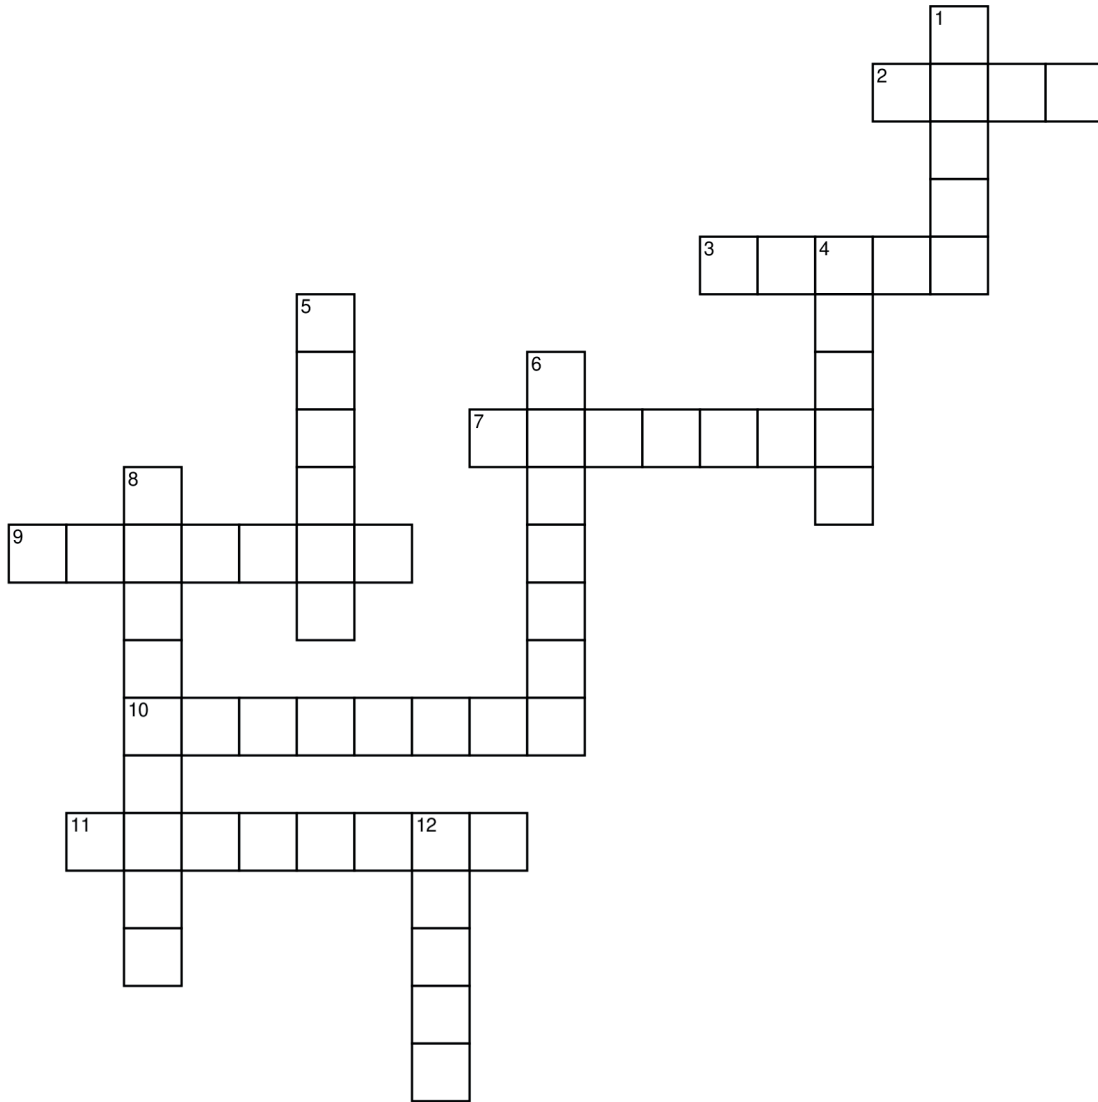

8		2	7		3		9	
	9	7	5		4		8	3
3			8		6		7	
1	7			8			6	9
5	6					8		
		4	6	5		3		
7	3		1	6		9		2
				4	5			
						6		1

Helpful Tip:

If you get stuck, try asking yourself "Where can I place number X in this row or column?" Scan to see if the number is already in that row, column, or box.
