National Grateful Patient Day

We love our healthcare workers, who do the impossible under sometimes trying circumstances. National Grateful Patient Day, which is held on September 7th, is the perfect day to show appreciation for the hard-working professionals in the medical industry. This day also honors the spirit of the courageous patients and their families. The impetus for this date is the return of kicker Rolf Benirschke to pro football after he nearly lost his life to multiple conditions. He would become a tireless crusader for patient advocacy. The gift of gratitude is meant to be shared by everyone who has ever felt a healing touch.

You can take a moment to thank your families, doctors, and nurses who have played a role in your or a loved ones recover.

Today in History

In 1970, Jerry Lewis hosted his 5th Muscular Dystrophy telethon. He became famous in the 1940s when he and Dean Martin had a comedy act together. He started a solo career when the two split in 1956. Lewis was very popular in France and was awarded the Légion d'honneur in 2006.

DID YOU KNOW?
Just How Big is the Grand Canyon

Grand Canyon National Park was designated a national park on February 26, 1919, and expanded in 1975 by President Gerald Ford to about 1.2 million acres, making it larger than Rhode Island. The park spans 1,904 square miles, while Rhode Island covers 1,033.9 square miles of land and 511.1 square miles of water. This means the Grand Canyon is approximately 23% larger than Rhode Island's total area.
