# BEER TRUE OR FALSE ANSWERS

1. True, hops can be poisonous to at least some breeds of dogs and also sometimes to cats.  
According to the Pet Poison Helpline.
2. False, The darker the malts used, or the more pale malts used (the color builds, making the aggregate color darker), the darker the beer will be.
3. False, Most Americans live within 10 miles of a craft brewery.
4. False, Presidents George Washington, Thomas Jefferson, James Madison and Barack Obama were all homebrewers.
5. True, Your frosty mug is not enhancing your beer-drinking experience. In fact, frosted mugs cause beer to foam, killing their carbonation and nixing the aromas.
6. False, A standard growler is 64 oz. that's just over five 12-ounce beers or about four pints.
7. True, with no signs of slowing down. The largest brewery in California is the Sierra Nevada Brewing Co in Chico. In California, there are 2.6 microbreweries for every 100,000 people over 21 years of age.
8. False, it actually means yeast.
9. True, Due to the unsafe drinking water, passengers on the Mayflower drank beer as a main hydration source — each person was rationed a gallon per day. They started to run out as the ship approached Plymouth Rock.
10. True, Dating back some 13,000 years ago, but around the 5th century we have sources documenting the deliberate production of ale in ancient Sumeria.
