Put On Your Own Shoes Day

While many people put on shoes every day, if ever there was a day to put on the shoes you own, this is it! It's Put On Your Own Shoe Day, which is, well, pretty self-explanatory. But the creator did leave the date up for interpretation. Now, we know it can be pretty tempting to put on your neighbor's shoes, your friend's shoes, or maybe you've even thought about putting on your boss's shoes. But today, cast those thoughts aside because it is time to celebrate putting on your own shoes, which are probably more comfortable than someone else's anyway. If you still want to walk a mile in someone else's shoes, though, remember that there is always tomorrow. Shoes are a great way to show off your style. Are you a collector of shoes? Or maybe only care about the basics. Try having some conversations with friends today about shoes.

Today in History

In 1963, Marian Anderson was among 31 recipients of the Presidential Medal of Freedom. She performed at a concert in front of 75,000 people on the steps of the Lincoln Memorial in 1939, and she became the 1st African American to sing with the New York Metropolitan Opera in 1955.

DID YOU KNOW?

Heavy Weather Ahead

Did you know that the harmless-looking, fluffy cumulus cloud drifting overhead isn't as weightless as it seems? In fact, the average one packs a staggering 1.1 million pounds, roughly the equivalent of 100 elephants floating above your head! So how does this colossal sky-pachyderm stay aloft? It's all thanks to the even heavier, denser air beneath it, which provides the lift. This mind-boggling feat of physics makes every sunny day a bit more impressive.

TRIVIA

What is the term for a plant that lives for more than two years?

- A** Stem
- B** Annual
- C** Bulb
- D** Perennial

TODAY'S FUNNY

Why did the emerald break up with the diamond?

Because he couldn't handle the pressure!

TODAY'S WISDOM

"In seed time learn, in harvest teach, in winter enjoy."
- William Blake

How To Play:

Each 9x9 box is comprised of 9 smaller 3x3 boxes. Each of these smaller boxes must be filled in with numbers from 1-9. Each row and column of the larger 9x9 box should not have any numbers repeated.

6	5	1					3	7
	8		6			2	1	
9		2					8	
2		8		4		9		
				1		6	2	
					9	3	5	8
						8		
7			3		4	1		2
		4			5	7		3

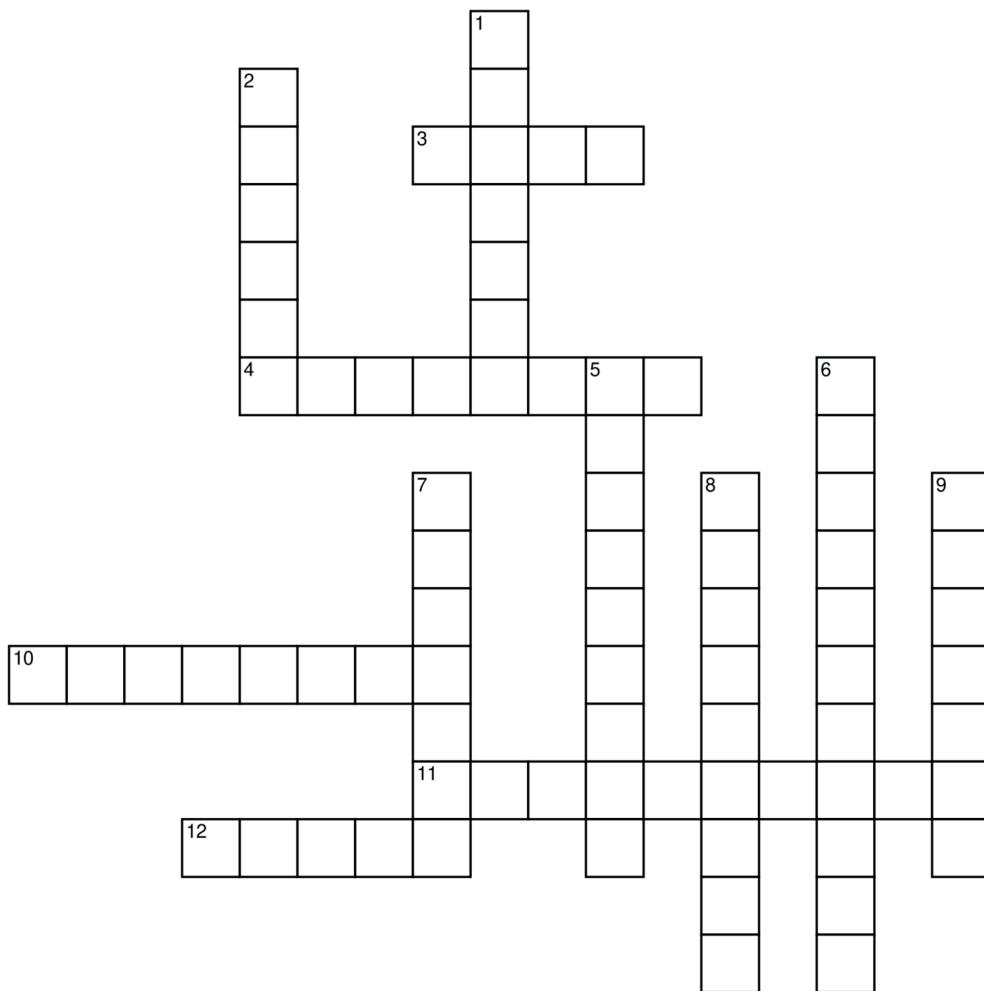

6		1				4		
9		7	8		5		6	
			4			1		
	9	6	2	5			3	
		4	7		6			
	7		3			4		
4	3						9	
			6		8			
	6	2			9			1

Helpful Tip:

If you get stuck, try asking yourself “Where can I place number X in this row or column?” Scan to see if the number is already in that row, column, or box.

MINI CROSSWORD

The 1920s

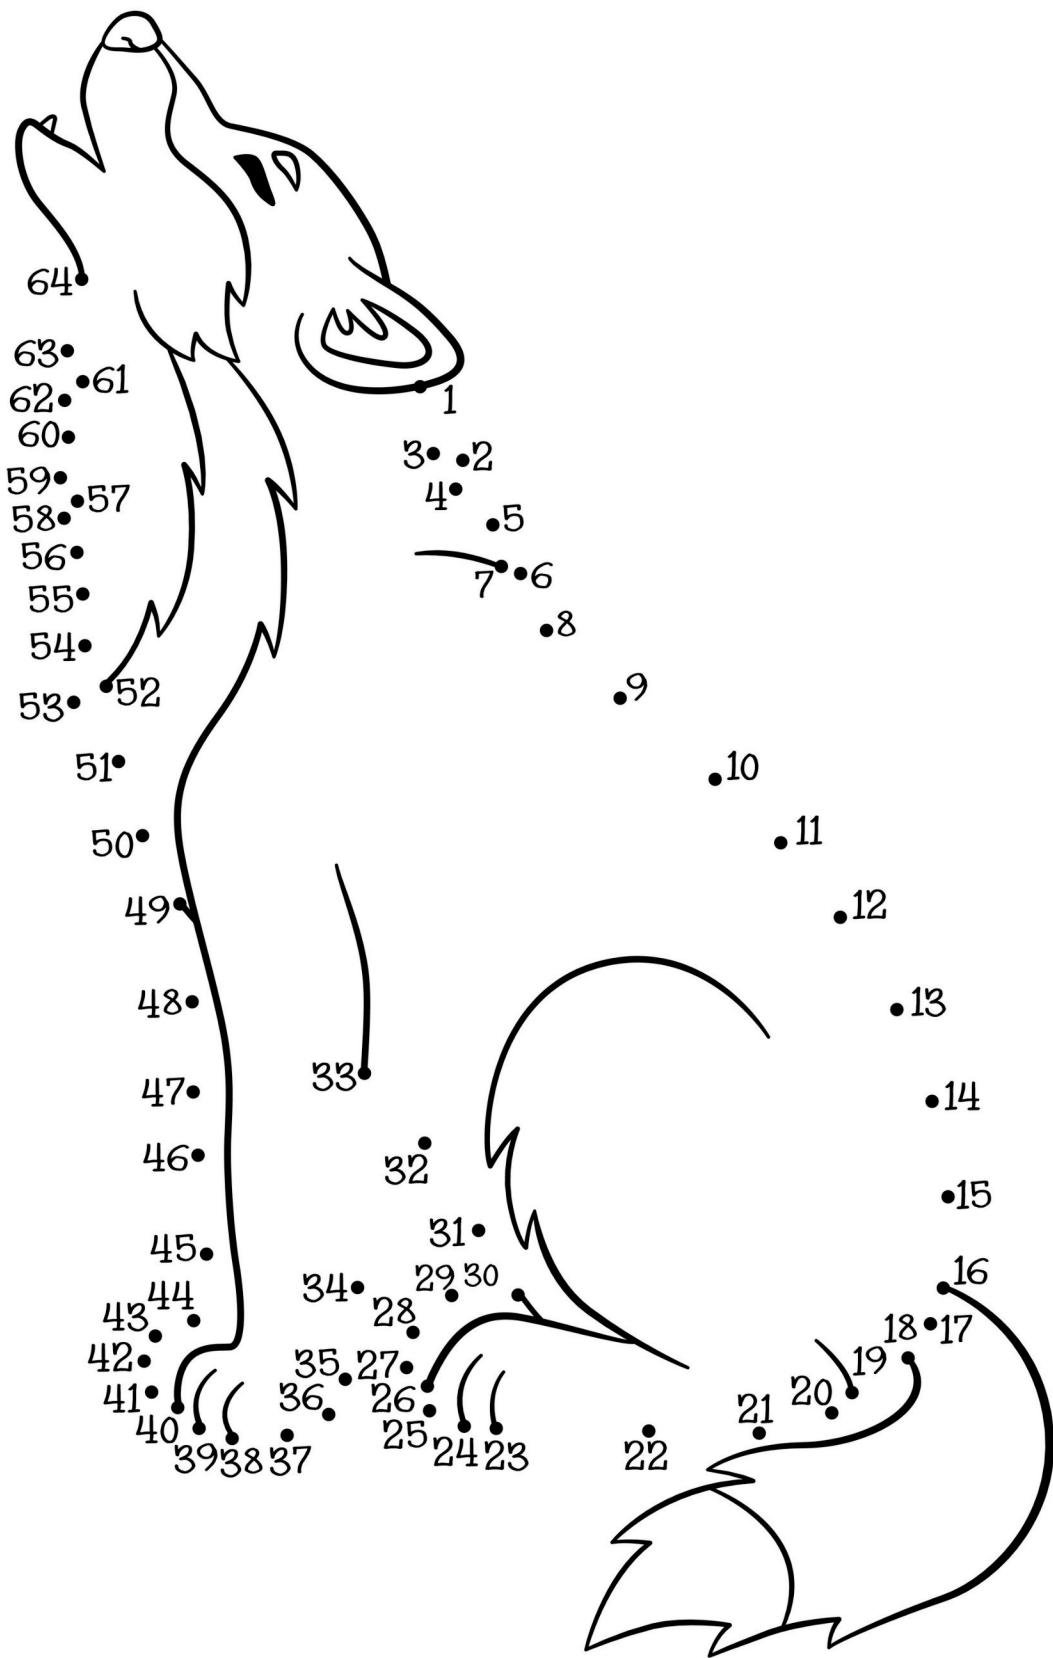

Across

- [3] Armstrong and Ellington genre
- [4] Right to vote
- [10] Broadway's "follies" producer

Trivia Answer: D

A perennial plant, or simply perennial, is a plant that lives more than two years. The term (per- + -ennial, "through the years") is often used to differentiate a long-lived plant from shorter-lived annuals and biennials.
