## Celebration of Life Day

Celebration of Life Day on January 22nd honors the children and grandchildren who bring joy to our lives. The day is a reminder that each child and each life is to be held as a precious gift with the highest respect and dignity. Children grow up so quickly. They're constantly learning new things and changing daily. By spending time with children and demonstrating the care and love they deserve, we celebrate their lives. Get together with the children or grandchildren in your life for some quality time. What to do? Talking and especially listening are always a good idea. Read a book, play a game, or work on a puzzle together. Perhaps bake cookies, go on a picture-taking expedition, or create some art. Any activity that encourages learning, laughter, creativity, or movement is a great way to spend time with a child!

## Today in History

In 1968, “Lady Soul” by Aretha Franklin was released. It was her 14th studio album and won the Billboard Album of the Year award. With a career spanning six decades, Franklin began as a gospel singer. She was the first female artist to be inducted into the Rock and Roll Hall of Fame.

## DID YOU KNOW? Insects to Innovation

Before homeowners used varnishes and polyurethane finishes for waxing their hardwood floors, they used bugs. Specifically, a secretion from the lac bug of India and Thailand, which, when dissolved in alcohol, creates liquid shellac, the go-to floor finish throughout the Western world in the 19th and early 20th centuries. It would be replaced by nitrocellulose lacquer by the 1930s, but before that, bugs kept floors shiny.
