Chicken Soup for the Soul Day

Have you ever read the book Chicken Soup for the Soul? If not, today would be a great day to read it, seeing as how it's Chicken Soup for the Soul Day! A warm, feel-good-about-yourself kind of day, the authors of the popular book series say that this day is “a celebration of who you are, where you've been, where you're going, and who you will be thankful to when you get there!” Nobody can solve all of their problems without any help or inspiration from their surroundings, and the purpose of Chicken Soup for the Soul Day is to take a fresh approach to thinking about problems. It is also a day to celebrate the heroes who have emerged successful and happy from their personal battles.

Today in History

In 1890, the first edition of “Poems by Emily Dickinson” was published by Mabel Loomis Todd. She was a prolific writer, but her only publications during her lifetime were 10 of her nearly 1,800 poems and one letter. Dickinson’s poems weren’t discovered and published until after her death.

DID YOU KNOW?

The Unsinkable Williams

Did you know about the bizarre luck tied to the name Hugh Williams? History records an eerie pattern of shipwrecks in Wales' Menai Strait, where the sole survivor shared this name. In 1664, a ship sank, leaving Hugh Williams as the only one alive. In 1785, another vessel foundered with the same outcome: a single survivor named Hugh Williams. Unbelievably, a third wreck in 1820 produced the exact same result, cementing a truly strange maritime legend.

How To Play:

Each 9x9 box is comprised of 9 smaller 3x3 boxes. Each of these smaller boxes must be filled in with numbers from 1-9. Each row and column of the larger 9x9 box should not have any numbers repeated.

2	1							
	7	8		5			9	
	5	3	8		1	6	2	
			4	9	2		3	
	4		5				8	
				8	6			
	6	1		2			5	9
5		9	6	4	8			3
	3							8

	6	1		3	2	7		8
3	7			1	8	2	9	
			4	7				
1		5			9	4		
	4	2	3			8	7	
	8					1		
	9		1		4			7
4	1		6			9	2	

Helpful Tip:

If you get stuck, try asking yourself "Where can I place number X in this row or column?" Scan to see if the number is already in that row, column, or box.
